

Launch Tennessee

ANGEL TAX CREDIT ROADSHOW

Join us at one of our Tennessee Roadshow events to learn more about the new Angel Tax Credit that was passed by the Tennessee General Assembly last spring and goes into effect January 1, 2017. This credit will be applied to Hall Income Tax payers who are investing their own money to support potential high-growth, early-stage companies, thereby playing a key role in Tennessee's entrepreneurial ecosystem.

LEARN

about angel investing from seasoned early stage investors in each region.

HEAR

from Launch Tennessee CEO Charlie Brock about the tax credit and how investors can reduce their tax exposure while helping promote company formation and economic activity throughout the state.

ENJOY

a networking reception with other investors in your region.

This event is targeted to accredited investors only.
