## **InVizion® LLC Recognized as Top 10 Budgeting and Forecasting Solution Provider**

### **InVizion Receives CFO Tech Outlook Award**

**Oak Ridge, Tennessee, USA (April 25, 2018)** – InVizion LLC announced today the company has been named one of the “Top 10 Budgeting and Forecasting Solutions Providers” by CFO Tech Outlook Magazine. For its annual listing, a distinguished panel of CIOs, CEOs, VCs, analysts and the editorial board of CFO Tech Outlook selected 10 companies that are at the forefront of providing innovative solutions for budgeting and forecasting. InVizion’s President, Kristy Neckowicz, commented on receiving the award: “We’ve built the InVizion solution to be the ‘last mile’ for our clients to leverage all the disconnected data in their enterprise systems to improve program outcomes and make better planning decisions. This award is another validation that we are on the right track, in addition to the growing number of new customers in private industry and the government.”

The InVizion solution helps asset-intensive organizations increase staff productivity during their budget planning and analysis process. InVizion’s clients have reported saving several months of effort each year, and have identified up to \$2B in cost avoidance opportunities. “InVizion’s software assists us with our multi-million-dollar capital planning program in an efficient way, allowing us to easily complete various planning scenarios for our investment projects,” said Donald C. Shields, Vice President and Director of Engineering, New Jersey American Water. InVizion quickly combines existing data from back-office enterprise systems, so clients can spend more quality time on analysis and decision-making.
