

An Oak Ridge Summit

Charting America's Competitive Future

June 1 & 2, 1995

Goals

- Focus on three core areas of emphasis: *Technology, Environment, and Science.*
 - Demonstrate *Oak Ridge/Tennessee's* role in making America more competitive in the global marketplace.
 - Showcase the region's resources for creating the jobs of the 21st Century.
 - Create a spirit of cooperation to address the region's economic challenges.
 - Outline a *Congressional Plan of Action* including the creation of an East Tennessee High-Tech Caucus.
 - Position Oak Ridge as a *catalyst* for Tennessee's economic development, not as a community trying to go it alone.
 - Think and plan a *national and global strategy.*
 - *Be specific. Be concise. Have a bias for action.*
